4.0. ADMINISTRATIVE POLICIES, SERVICES AND FACILITIES OF INTEREST TO THE FACULTY

4.3. Administrative Facilities

4.3.1. Campus Ministry

The College provides a Campus Ministry Program to coordinate religious activities on campus. Throughout the year, the ministry provides opportunities for prayer, retreat, lecture, discussion and liturgical celebration. These special programs complement the regular celebration of Sunday and weekday masses and the administration of the Sacraments.

4.3.2. Health Services

The Health Services department is located on the ground floor of Augustine Hall. It is open Monday through Friday from 8:00am to 11:30pm during the school year and from 8:00am to 4:00pm during the summer.

The Health Services department is funded by student fees and its primary responsibility is to treat students. With the exception of administering the annual flu vaccine, the department does not dispense medications to faculty and staff. The Health Services staff is not authorized by Saint Mary's to treat employees in the event of Workers Compensation related injuries. The employee who receives treatment from the nursing staff does so at his/her own risk and releases the College from any liability and future claims. Nurses are available for emergency care until further medical care can be arranged.

4.3.3. Counseling Center

The Counseling Center serves the personal, psychological and emotional needs of the students. The Director, interns and clinical psychologists are available by appointment or on a drop-in basis to full-time undergraduate students. Therapists and counselors can assist with personal problems such as relationships, sexuality issues, anxiety, substance abuse and addiction, eating problems, self-esteem, and pressures from academics and peers. Summer services

4.3.3. Counseling Center (continued)

include consultation, evaluation and referral only. Those needing referral to community agencies are strongly encouraged to go through the Counseling Center. "Women Advocates" are available to provide help for special needs of women on campus including resources for women, sexual harassment, sexual assault/or rape, gender discrimination and women's health issues.
